Course Number: IDS 2935 Section: 1EF1 Class Number: 23183
Location: Nadine McGuire Pavilion Studio G-10
Meeting times: Wednesday – 8th period (3:00p – 3:50p) and Friday – 4th and 5th periods (10:40a – 12:35p)
Office location and hours: McGuire Pavilion, Rm T212 Wednesday 1:30p – 2:30p

This course is a traditional face-to-face class focused on participation in class discussions of readings and movement practices. The course will meet on Wednesdays for a one-period discussion and on Fridays for a two-period movement lab.

Course Description:

This interdisciplinary Quest 1 course will introduce the students to the philosophical movement of phenomenology (study of experience and consciousness) through readings and discussion. A somatic (relating to body) approach will be used in a series of movement labs that will lead students through movement practices in breathing, spatial awareness, coordination, and time-consciousness. The experience of embodiment and intention of movement will offer students alternative ways of perceiving and engaging with the world through the lens of first-person subjectivity and intersubjectivity. As the course progresses, students will have the opportunity to examine questions concerning: What is existence? What is lived experience? What is Active Life? The course will include written responses to readings as well as drawing connections to experience through movement studies in class. During experiential events, students will balance thinking and doing through a series of projects that will explore self, relationship to other, and community. Each project will incorporate a movement study with written reflection and analysis using the method of phenomenology.

Required Readings and Course Content:

All required readings and course content will be available on Canvas. All announcements, resources, and assignments will also be located on Canvas at https://elearning.ufl.edu.

The atmosphere is welcoming and collaborative while encouraging personal choice and inclusive participation.

**Respect for other students and the instructor is of the utmost importance.**

- Attire should be form fitting and allow for comfortable movement.
- Leggings, athletic pants, fitted tanks tops, and fitted t-shirts are suitable.
- Form fitting warmers can be worn and should be removed after warm-up.
- Dance shoes are not required for this course, but socks are recommended.
- **No baggy sweats, shirts, pants or shorts. No street clothes or street shoes.**
- **No large jewelry, no chewing gum, no hats, and no loose hair.**

Personal hygiene is expected and is its own reward. You may lose points for improper attire, hair, or attitude.

**A note about physical touch:** The nature of the movement labs may involve touch in the forms of corrections of placement, partnering, and/or weight sharing. Guidance and corrections will primarily be given verbally. Physical contact with partners will be minimal and adaptable to comfort level. If you have questions or concerns, please contact me through email or during office hours.

**Quest 1 and General Education Descriptions:**

**Quest 1 Description:**

Quest 1 courses are multidisciplinary explorations of essential questions about the human condition that are not easy to answer, but also not easy to ignore: What makes life worth living? What makes a society a fair one? How do we manage conflicts? Who are we in relation to other people or to the natural world? To grapple with the kinds of open-ended and complex intellectual challenges they will face as critical, creative, and self-reflective adults navigating a complex and interconnected world, Quest 1 students apply approaches from the humanities to mine works for evidence, create arguments, and articulate ideas.

**Quest 1 SLOs:**

- Identify, describe, and explain the history, theories, and methodologies used to examine essential questions about the human condition within and across the arts and humanities disciplines incorporated into the course (Content).
• Analyze and evaluate essential questions about the human condition using established practices appropriate for the arts and humanities disciplines incorporated into the course (Critical Thinking).

• Connect course content with critical reflection on their intellectual, personal, and professional development at UF and beyond (Connection).

• Develop and present clear and effective responses to essential questions in oral and written forms as appropriate to the relevant humanities disciplines incorporated into the course (Communication).

General Education Description:

UF Absence Policy

Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies, as follows:

• Students are responsible for satisfying all academic objectives as defined by the instructor. Absences count from the first class meeting.

• In general, acceptable reasons for absence from or failure to participate in class include illness, serious family emergencies, special curricular requirements (e.g., judging trips, field trips, professional conferences), military obligation, severe weather conditions, religious holidays and participation in official university activities such as music performances, athletic competition or debate. Absences from class for court-imposed legal obligations (e.g., jury duty or subpoena) must be excused. Other reasons also may be approved.

• You cannot participate in classes unless you are registered officially or approved to audit with evidence of If you do not participate in at least one of the first two class meetings of a course or laboratory in which you are registered, and you have not contacted the department to indicate your intent, you can be dropped from the course. You must not assume that you will be dropped, however.

• The university recognizes the right of the individual professor to make attendance mandatory. After due warning, professors can prohibit further attendance and subsequently assign a failing grade for excessive absences.

Additional information: https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/

MAKE-UP POLICY:

• You are responsible for all material covered during any absence
• Attendance is important to fully experience the coursework. Absences will result in a loss of participation points.
• There are no makeup options for unexcused absences.
• Absences from Written Exams, Quizzes, Mid-Terms, and/or Finals may only be made up with approved documentation
• To earn credit for an excused absence you must do two things:
  1) Immediately after your return to class, turn in approved/legal documentation to instructor. If you need the original documentation, the instructor will accept copies.
  2) Excused absences will require a makeup assignment. Possible makeup assignments may include observing another movement class and writing a summary of your observation or attending a live performance and writing a review.
